<sup>3</sup>Massachusetts Department of Elementary and Secondary Education July 2016 SFSP Data

<sup>4</sup>Massachusetts Department of Elementary and Secondary Education October 2015 NSLP Data

<sup>5</sup>By finding the difference between students eligible for F/R meals and SFSP participation we can approximate the remaining need by community. We are calling this the Summer Hunger Gap

<sup>6</sup>We chose a goal of 40% since that matches the national goal set by the Food Research & Action Center as an ambitious, yet achievable benchmark. The number is 40% of the number of the average F/R daily participation of NSLP subtracted by the average daily participation of SFSP.

<sup>7</sup>We estimated the dollars generated by the number of participants needed to reach 40 if we assume each
